Citrix via iPhone/iPad

Installation of Citrix Workspace App

To install the app open "*App Store*" and search for "*Citrix Workspace*". Select "*Get*" and type in your Apple ID password if asked. The app is now installing.

First start of Workspace

Find *«Workspace»* in your home screen and tap it. Select *"Get Started*" and type in the server address: **"citrix.asp.no**".

Citrix via iPhone/iPad

Sign in to Citrix

Enter your username (email address) and your Citrix password to sign in. You should now see "*Hesnes – Skrivebord*". Tap on it to open your desktop. Login time will depend on your network speed. Usually it takes about 30 seconds to start.
